SILC Office Report
April 24, 2017

In the last quarter the SILC office has provided 23 information and referrals.

The website has had 3,827 hits with an average daily amount of 42.

The SILC office was able to obtain two, lockable four drawer lateral cabinets and one lockable five drawer lateral cabinet.

New phones were installed allowing the office to take advantage of lower rates by using VoIP. All numbers are the same, the messages are controlled differently.

All our reporting and reimbursements are current.

The 704 Report was completed after problems with sign in issues and delays. I want to thank Pamela for working with me to accomplish this task.

The 990 return was completed and submitted.

The Independent Living Summit was held with many successful legislative visits. One resulted in a follow up meeting with Melea, Mark Steele and Dave Wickstrom.

I have participated on the ILRU phone calls where ideas and problems experienced by other SILCs are discussed.

I attended the very informative Disability Rights Conference in Chapel Hill on April 20th.

respectfully submitted Debbie Hippler
